

APPENDIX 2 - QUESTIONS & ANSWERS

TO MINUTES OF THE ANNUAL GENERAL MEETING OF MAIN EVENT ENTERTAINMENT GROUP LIMITED
HELD AT THE ROK HOTEL, 2-4 KING STREET, KINGSTON, ON THURSDAY, JULY 3, 2025, AT 2:00 P.M.

	Comment/Question	Response
	Ms. Nichola Burrows raised the following questions/comments:	
	i) The reasons for the decline in the Company's profits.	The CEO explained that, notwithstanding the decline in profitability, the Company continued to pursue strategic initiatives to strengthen its long-term position, including developing proprietary events such as the Jamaica Auto Show.
	ii) The rationale for the Company's investment in brand-building events, including the Jamaica Auto Show.	The CEO advised that the Jamaica Auto Show, held in May 2024, was the first event of its kind in approximately ten years and brought together all motor vehicle dealers for the first time. The successful execution of the event demonstrated Main Event's capabilities and was expected to enhance its reputation and support future opportunities.
	iii) The basis for the increase in amortisation charges and in right-of-use assets and lease liabilities, and the distinction between the latter two items.	It was explained that landlords had significantly increased rental rates, resulting in higher lease commitments. The Company was therefore exploring alternative premises, and the increase in right-of-use assets and lease liabilities reflected the accounting treatment for those lease arrangements.
